## Report of School Board.

---

All the schools but one, which lost one week on account of the sickness of the teacher in fall term, have been maintained 26 weeks, with an additional 4 weeks at No. 1, making two terms of 11 and 15 weeks respectively. The school-house and shed at No. 1 have been shingled and repaired at a slight cost above the appropriation of \$50.

The smoothness with which the schools have been carried on testify to the efficiency of our good teachers. We wish to again call to the notice of parents the necessity of each child's attending every session of school unless sick; for a few days out of school spoils nearly a whole term. Although there were about 600 visits in our schools by parents and others, we earnestly urge every parent to visit your school at least once every term, and better, every week, if you wish to know what is being done in your district.
